Gentlemen:

Insofar as this office is concerned, approval to drill the above referred to wells is hereby granted in accordance with the topographic exception under Rule C-3(c), General Rules and Regulations and Rules of Practice and Procedure. Said approval is, however, conditional upon the following:

- a) Receiving the necessary U.S. Geological Survey and/or Bureau of Land Management's approval
- b) A written statement indicating the reason for said unorthodox locations, and stating that your company owns or controls all the acreage within a 660' radius of the proposed sites.  
(applies to Federal #12-5 only)

Should you determine that it will be necessary to plug and abandon this well, you are hereby requested to immediately notify the following:

PAUL W. BURCHELL - Chief Petroleum Engineer  
HOME: 277-2890  
OFFICE: 328-5771

Enclosed please find Form OGC-8-X, which is to be completed whether or not water sands (aquifers) are encountered during drilling.

Further, it would be appreciated if your company would advise this office as to the drilling contractor, rig number, and toolpusher for said wells immediately upon spudding-in.

Gentlemen:

More than six months have elapsed since receipt of the subject Applications for Permit to Drill and there is no record of inquiry as to the status of the applications. Since they were never approved and we have no record of any activity at these locations, we are, therefore, returning your applications.

If you should again desire to drill at these locations, please resubmit the Applications for Permit to Drill.

Sincerely yours,
